

Most people know how to behave around strippers and Lingerie Waitresses and Topless Barman, as it's a known behaviour amongst men and women.

Here are some tips and conditions below to ensure you have a great night and my staff are safe and happy and you have protected their privacy.

Firstly, a deposit is required by you to be deposited in our bank account to lock the 'entertainment' date and times in, you will be notified by email as to the amount. You must then pay the "entertainer" CASH on the night before the job is to start, this will be on the hire form the amount for you to pay that you sign with us.

Travel charges may incur, if your venue is out of the normal 25k radius from City Centre.

Please let us know if you a mixed group on the night at the time of booking please.

If the job goes over hours you need to check with management as to what the extra charges would be, and management would then negotiate with entertainer as to if this can be done. Most of the time the entertainers will have other work before and after your slot.

We ask that you take care of our staff, and have for them access to a bathroom a mirror and an AUX for their music.

There is to be no unsolicited touching of the entertainers at any time, unless you have been specifically invited by him/her.

Please ensure your pets are away especially dogs at a private residence.

If it's a stripper you have hired, please have a good space set aside with a good strong chair for the special guest to be seated.

If it is our Lingerie Waitresses or Topless Barman you have hired again no unsolicited touching and respectful behaviour is expected from your group.

None of the staff at any time are to be asked to do sexual acts they are not prostitutes.

No filming or photos are allowed at any time, please ensure all of your friends have their cell phones nicely tucked away in a drawer, doing a sweep of phones before the gig is a good idea.

By signing this agreement you acknowledge all terms and conditions set by Auckland Strippers and we reserve the right to terminate your booking without reimbursement. It is absolutely your responsibility to ensure your guests the entertainment has arrived.
